

IT'S THIS EASY TO PICK UP RABIES

Did you know...

- Rabies is a deadly disease transmitted in saliva
- Unvaccinated dogs can be infected with the rabies virus
- Bites from rabid dogs cause many human deaths, but **Rabies is a preventable disease**

Protect yourself, your family and your community against rabies:

- Vaccinate dogs regularly and avoid dog bites
- Avoid contact with stray or roaming animals
- If bitten, wash the wound thoroughly with soap and water, seek medical care immediately
