

CURRICULUM VITAE

GENERAL INFORMATION

Julie R. Sinclair, MA, DVM, MPH, Dipl. ACVPM
PHS# 69690
7803 Linden Road
Wyndmoor, PA 19038
Tel. (215) 365-6405/(404) 429-4299 work; (267) 625-9568 mobile
O-5 (temporary)/O-4 (permanent)

ACADEMIC TRAINING AND EDUCATION

B.A., Kansas State University, Manhattan, KS, 66506,
May 1987, Political Science
M.A., Princeton University, Princeton, NJ 08544,
June 1989, Near East Studies; graduate thesis: "Government Intervention and
Apathy in Algeria"
D.V.M., Kansas State University, Manhattan, KS 66506, May 2001
M.P.H., Johns Hopkins University, Baltimore, MD 21205, May 2003,
Epidemiology (Vaccine Science Certificate); final paper: "The Demise of the
Lyme Disease Vaccine"
Board Certification: Diplomate of the American College of Veterinary
Preventive Medicine, 2006

Supplemental Curriculum:

Pre-Veterinary Medicine Curriculum, Kansas State University, Manhattan,
Kansas, August 1995 – May 1997; Advanced Spanish coursework
Advanced Arabic Course, Middlebury College Summer Language
Program, Middlebury, VT, Summer 1988 (10 weeks of full immersion)
Arabic Language Course, Yarmouk University Summer Language
Program, Irbid, Jordan Summer 1987
French Language Course, Sorbonne University Summer Language
Program, Paris, France, Summer 1986

LEADERSHIP AND MANAGEMENT TRAINING AND EXPERIENCE

Epidemic Intelligence Service Officer (CDC), 2004-2006, assigned to West
Virginia Department of Health and Human Resources
Career Epidemiology Field Officer (CDC), 2006-2007, assigned to Philadelphia
Department of Public Health
Quarantine Veterinary Medical Officer (CDC), 2007-present, Zoonoses Team
based at CDC Quarantine Station-Philadelphia
VetPAC Voting Member, 2010 - present
**USPHS Junior Officer Advisory Group (JOAG) Voting Member (Veterinary
Category)**, 2007-2009
Rapid Deployment Force (RDF-5) member, 2007-2010, Veterinary Officer
**"Continuing Promise" Mission/USS Kearsarge USPHS Team 2 member
(Haiti and the Dominican Republic)**, 2008, Veterinary Officer

Haiti Acting Cholera Surveillance Coordinator, deployed January 21 – February 18, 2011

Supervisor Development Challenge Pre-course, HHS Learning Portal, December 23, 2008

Fundamentals of Leadership Course, 2009 USPHS Scientific and Training Symposium, May 30, 2009

American Veterinary Medical Association's Leadership Conference, 2005 and 2007

PROFESSIONAL EXPERIENCE

June 2007 to Present, **Quarantine Veterinary Medical Officer (O-6 Billet)**,

CDC/CCID/DGMQ/QBHS/Quarantine Station – Philadelphia

Supervisor: CAPT Gale Galland; email: ggg0@cdc.gov

- Developed with DGMQ Informatics Analyst reporting system panels (43-page change release document) for animal-related, human remains and etiologic agent import database
 - Wrote and coordinated clearance of eight standard operating procedures (SOP), two policy statements, and an inspection checklist
 - Supervised two EISOs during Michigan School Closure Epi-AID Fall 2009 field investigation; team developed and administered two on-line surveys and one printed “backpack” survey
 - Acting Surveillance Team Lead Summer 2009 supervising a team of 8-10 members including public health analysts, data analyst/database manager, senior project manager, epidemiologist, and medical officers
 - Directed management and analyses of novel H1N1 influenza and influenza-like illness reports received via Quarantine Activity Reporting System (QARS) distributed to branch, division and agency leadership for situational awareness
 - Branch liaison to DGMQ/THAI Branch, Zoonoses Subject Matter Expert and DGMQ Zoonoses Team member, 06/07 – 07/09
 - Provide medical consult for CDC Quarantine Stations – Philadelphia and Washington, DC (responsible for Pennsylvania, Delaware, Washington, DC, Maryland, Virginia, and West Virginia) and, as needed, other quarantine stations 06/07 – 07/09
 - Provide animal import/zoonoses consult for all CDC Quarantine Stations
 - Sole staff member 10/08 – 07/09 at Philadelphia Quarantine Station and responsible for operations, partner trainings and interactions, 24/7 on-call, port communicable disease response plan, and illness response
- Deployments:** Hurricane Dean, August 2007 San Antonio, TX, RDF-5 “Continuing Promise” Mission/USS Kearsarge, Sept-Oct 2008 Haiti and the Dominican Republic, Team 2 Veterinary Officer; and Port-au-Prince, Haiti, Acting Cholera Surveillance Coordinator, Jan-Feb 2011

January 2007 to May 2007, **Epidemiology Lecturer**, Drexel University College of Medicine, 245 N. 15th Street, Philadelphia, PA 19102-1192

- Develop graduate course (CR 505S) in epidemiology as sole instructor

- Prepare and present course materials (i.e., syllabus, lectures, and exams)

July 2006 to May 2007, Career Epidemiology Field Officer (O-5 Billet),

CDC/COPTER, assigned to the Philadelphia Department of Public Health/Division of Disease Control

CDC Supervisor: CDR Catherine Chow, MD, MPH; email: zkt4@cdc.gov

Philadelphia Supervisor: Esther Chernak, MD, MPH

- Division's liaison to agriculture, veterinary, and wildlife communities
- Develop and implement state and city's plans for avian influenza response
- Member of Pennsylvania's Agroterrorism Working Group
- Member of the Philadelphia Mayor's Animal Advisory Committee
- Respond to infectious disease outbreaks and calls from city agencies, hospitals, health care providers, and the public
- Conducted active surveillance for *Francisella tularensis* and prepared manuscript for publication
- Mentored Drexel University public health graduate student and developed dog bite surveillance project

July 2004 to June 2006, Epidemic Intelligence Service Officer (EISO),

CDC/OWCD, 1600 Clifton Road NE, Atlanta, GA 30333 assigned to the West Virginia Department of Health and Human Resources (WVDHHR)

CDC Supervisor: Diana Bensyl, PhD; tel. 404 498-6153, email: zqg6@cdc.gov;

may be contacted

- WHO Consultant, National Polio Surveillance Program (16/10/05 to 8/12/05), Madhya Pradesh, India
 - Assessment of the acute flaccid paralysis (AFP) surveillance network in nine districts
 - External monitor for pulse polio immunization activities
- Lead epidemiologist for medical needs assessment survey of Katrina evacuees at Camp Dawson, West Virginia
 - Developed the survey instrument, coordinated with other state agencies and the American Red Cross the collection of additional data, and designed the database collection tool
- WV Influenza Surveillance Coordinator (2004-2005 Season)
 - Coordinated Sentinel Provider program, Sentinel Laboratories program, county reporting system with the CDC Influenza Branch and county health departments for State of West Virginia (pop. 1.8 million)
 - Expanded county surveillance coverage by ~50%
- Investigated Hantavirus Pulmonary Syndrome outbreak in Randolph County
 - Performed ecological and epidemiological investigations with CDC and WV health department team
 - Conducted a university student survey which provided key feedback to university officials in making policy decisions on the use of personal protective equipment by small mammal workers
- Investigated an outbreak of workplace gastroenteritis in an Ohio County, WV

- Workplace employed >500 employees from 3 different states who may have ingested the catered food
- Investigated WV cases of gastroenteritis from the Sheetz Deli *Salmonella* Outbreak in July 2004
 - Contacted laboratories in the 6 different states where WV residents had received medical care to ascertain infectious agent and PFGE results
 - Worked with the CDC's Foodborne & Diarrheal Disease Branch to identify patients' exposure histories; hundreds of individuals were sickened in this single outbreak
- Investigated a reported outbreak of Legionnaires' Disease/Pontiac Fever at a casino in the northern WV panhandle following severe flooding on the Ohio River
 - Worksite employed ~1500 from the tri-state region and received busloads of gamblers on a daily basis from surrounding states
 - Developed a broad questionnaire for calling possible victims and then refined the questionnaire further after our team contacted ~50 sick employees
 - Worked with the CDC's Respiratory Disease Branch and the Ohio County Health Department on acquiring environmental samples for testing

October 2003 through April 2004, **Microbiologist**, GS-11

USDA/Agricultural Research Service, Eastern Regional Research Center,
600 East Mermaid Lane, Wyndmoor, PA 19038

USDA Supervisor: John Luchansky, PhD; tel. 215 233-6400, email:

jluchansky@arserrc.gov

- Supervised and coordinated an *E. coli* O157:H7 and tenderized beef project
 - Assessment of current recommendations on testing tenderized meat for contamination; increased testing would result in increased costs to both the beef industry and USDA/FSIS
 - Projects total costs >\$100,000 and employed four technicians
- Developed projects involving lactic acid bacteria
 - Coordinated with another researcher on sampling swine feces and intestinal contents for lactic acid bacteria – plated and ribotyped samples
 - Project used swine as a model for assessing immune response to lactic acid bacteria and possible mechanisms for minimizing food allergies and treatment of irritable bowel syndrome
 - Developed protocol for PFGE of lactic acid bacteria
 - Conducted assays of lactic acid bacterial growth in the presence of prebiotics designed to enhance growth of food production animals
- Volunteered for school mentoring programs
 - Addressed school groups on microbiology and routes of infection
 - Mentored a junior high student working on a science fair project
 - Judged a school science fair

June 2001 to June 2004, **Veterinarian**,

VCA Neshaminy Animal Hospital, 4197 Bristol Road, Oakford, PA 19053

Supervisor: Mike Barnett, DVM

- Diagnosed and treated clinical conditions in patients
- Worked with guardians to optimize treatment for patients considering ethical and economic boundaries
- Maintained frequent correspondences with guardians and complete patient records
- Addressed school groups on career alternatives in and aspects of veterinary medicine

Summers 1998 and 1999, Immunology Research Intern.

Kansas State University College of Veterinary Medicine,
Department of Anatomy & Physiology, Manhattan, Kansas 66506

Supervisors: Frank Blecha, PhD and Hua Wu, PhD; tel. 785 532-5666

- Conducted assays (e.g., rt-PCR) on rat spleens and livers to ascertain cytokine production following electrical stimulation as part of research to assess the body's immune response during infection and how this response can be mimicked or inhibited in treating various diseases
- Presented findings at college-wide symposium
- Performed protein assays (e.g., Western blots) as part of cell-signaling research directed by Dr. Hua Wu, post-doctoral fellow

Fall 1996 to Spring 1997, Research Intern.

Kansas State University Center for Basic Cancer Research, Manhattan, KS 66506

Mentor: Susan L. Kraft, DVM; tel. 970 491-0350 (Colorado State University)

- Performed chemotherapy research using human mammary tumors and mice models working as a team with a mentor and two other students
- Research evaluated a chemotherapeutic agent developed by the Biochemistry Department and growth of human mammary tumor cells in mice

October 1995 to May 1997, Diagnostic Laboratory Assistant.

Kansas State University College of Veterinary Medicine Department of
Diagnostic Medicine/Pathobiology, Mosier Hall, Manhattan, KS 66506

Supervisor: Maureen Rider, MS; rider@vet.ksu.edu

- Performed diagnostic assays to assess *Actinobacillus pleuropneumoniae* infection, a major economic burden on swine production operations
- Assisted in research on *E. coli* O157:H7 toxins developing greyhounds as a model for disease
- Assisted in research on *Bordetella bronchiseptica* and kennel cough vaccine efficacy
- Developed reference database for articles on *Escherichia coli* research

School Year 1994/1995, Professor.

International Schools of Asturias, Oviedo, Spain

Unable to verify if school is still in existence.

- Instructed Spanish fourth graders in all subjects

- Lectured Spanish college students on international studies and government policies

March 1992 to March 1994, Associate Logistics Officer—Food and Non-food Items, United Nations High Commissioner for Refugees (UNHCR), Blantyre, Malawi
Supervisor: David Riley (deceased)

- Chaired the Non-Food Items Committee working with IFRC, MSF, Malawi Red Cross, IRC, ARC and LWF allocating millions of dollars in relief items
- Oversaw receipt and distribution of non-food and food items for one million Mozambican refugees who had fled from civil war
- Prepared warehousing and transport contracts
- Inspected warehouses and distribution sites
- Worked with MSF and IRC to distribute food to at-risk mothers and children

December 1991 to March 1992, Research Associate (Intern), GS-7

Library of Congress Congressional Research Service Foreign Affairs and National Defense Division (FAND), Washington, DC
Supervisor: Warren W. Lenhart (retired)

- Researched and responded to queries from Congressional offices and the public in regard to international issues and government policies
- Authored two reports on the breakup of the Soviet Union

September 1989 to July 1991, Peace Corps Volunteer - Small Animal Husbandry,

U.S. Peace Corps, Kara, Togo (West Africa)

U.S. Peace Corps, Washington, DC 20526

Country Directors: Greg Austreng/Erica Eng

- Wrote funding proposals and supervised construction of village slaughterhouse near market attended by hundreds of locals from Togo and Benin each week
- Wrote funding proposal and supervised construction by local plumbing students of a solar water heater at a maternity ward where new mothers had been walking ~15 kilometers to find wood
- Supervised construction of a spring capping (fresh water) near the site of a new bridge construction linking two major villages

READINESS STATUS

Basic Readiness – meet all requirements

Field Medical Readiness Badge – awarded in 2009

Assimilation to Regular Corps – approved in 2009

“Continuing Promise” Mission/USS Kearsarge, Sept-Oct 2008 (30 days), USPHS Team 2 Veterinary Officer, deployed to Haiti and the Dominican Republic, awards pending

Hurricane Dean Response, August 2007 (4 days), RDF-5, deployed to San Antonio, TX

Hurricane Katrina Response, August 2005 (6+ days), deployed to Camp Dawson, West Virginia, Lead Epidemiologist for Rapid Needs Assessment Survey, Outstanding Unit Commendation

PHS SUPPORT ACTIVITIES

VetPAC, attend monthly conference calls whenever possible; Readiness Chair voting member in 2010

JOAG Voting Member (Veterinary Category), 2007-2009, develop and give monthly reports, represent the Veterinary Category in meetings, and reviewed candidates for Voting Member Committee as member of Selection Committee in 2005 and 2008

Aide-de-Camp for Admiral Galson, Acting Surgeon General, Drexel University Commencement Speech, June 2008

Aide-de-Camp for Admiral Stokes, 2009 USPHS Symposium, June 2009

Mentoring (informal), provide advice and assistance on USPHS activities to Junior Officers [i.e., Drs. Michael Nguyen (EISO), Tai-Ho Chen, and Curi Kim] and veterinary students (e.g., Jill Gregorieff)

Basic Officer Training Course (BOTC), attended in 2004

PROFESSIONAL ORGANIZATIONS/ACTIVITIES

- American College of Veterinary Preventive Medicine (ACVPM), **diplomate**
- American Association of Food Hygiene Veterinarians (AAFHV), selected to attend AVMA Veterinary Leadership Conference – Chicago, January 14-16, 2005 (student delegate) and January 5-7, 2007 (representative)
- American Veterinary Medical Association, member and moderator for 2005, 2007 and 2009 national conventions and for 2008 Central Veterinary Conference-East
- National Association of Public Health Veterinarians (NASPHV), member
- Council of State and Territorial Epidemiologists (CSTE), member
- Commissioned Officers Association (COA), member
- American Society of Microbiologists (ASM) – Eastern Pennsylvania chapter, member and attend monthly meetings at Thomas Jefferson University, Philadelphia, PA
- Pennsylvania Agroterrorism Working Group, organized by Gary LeGore, FBI
- Area Maritime Security Committee – Sector Delaware Bay, organized by the U.S. Coast Guard

AWARD/HONOR HISTORY

PHS Honor Awards

Commissioned Corps Training Ribbon, November 2004

Outstanding Unit Citation, CDC Hurricane Katrina Response Team, January 2007

Unit Commendation, West Virginia Hantavirus Pulmonary Syndrome Response Team, June 2006

Achievement Medal, Epidemic Intelligence Service, June 2008

Achievement Medal, USS Kearsarge/Continuing Promise, January 2009

Measles Outbreak Unit Commendation, June 2009

Unit Commendation, PHS-5 Rapid Deployment Force, September 2009

Achievement Medal, Quarantine Station Staffing, November 2009

Unit Commendation, Fort AP Hill Training, March 2010
Outstanding Unit Citation, CDC H1N1 Response Staff, April 2010
Outstanding Unit Citation, CDC H1N1 Task Force, August 2010

PHS Service Awards

Foreign Duty Award, May 2006
Global Response Service Award, November 2008
Hazardous Duty Award, February 2009
Special Assignment Award, February 2009
Foreign Duty Award, February 2009
Field Medical Readiness Badge, February 2009
Special Assignment Award, October 2009
Special Assignment Award, January 2010

Non-PHS Honor Awards

NCPDCID Recognition – For the development of risk-based border strategies that enhance our preparedness to protect the health of Americans from pandemic influenza and emerging microbial threats
USN Meritorious Unit Commendation, 2009
NCEZID Honor Award – excellent service during the past year as part of CDC's Commissioned Corps, August 24, 2010
NCEZID Director's Recognition Award – CDC Division of Global Migration and Quarantine Haiti Repatriation Response Team for coordinating and mobilizing health and safety response measures for the repatriation of persons returning from Haiti after the earthquake, February 3, 2011

Other Honors

Delta Omega Honorary, 2003, Bloomberg School of Public Health, Johns Hopkins University, awarded for scholastic achievement
JOAG Recognition of Outstanding Service and Leadership
Veterinary Category Professional Advisory Committee Certificate of Appreciation – For Enthusiastic Recruitment Efforts at AVMA, 2010
Nominated by Branch in March 2011 for James H. Steele Veterinary Public Health Award

STATE LICENSURE and CERTIFICATION

State Licensure

Veterinary, Pennsylvania, BV009465 expires November 30, 2012

Certifications/Credentials

Epidemic Intelligence Service, CDC, 2004-2006
Vaccine Science Certificate, Johns Hopkins University, 2003

CONTINUING EDUCATION

Minnesota Center for Excellence in Influenza Research and Surveillance,
Companion Animals course, March 2011

Training for the Handling/Offering for Transport of Dangerous Goods, Saf-T-Pak Inc., December 2010

ICS-400, Philadelphia, PA October 2010, course sponsored by the U.S. Coast Guard-Sector Delaware Bay

American Society of Tropical Medicine and Hygiene (ASTMH) Intensive Course, Atlanta, GA, October 2010

American Veterinary Medical Association Conference, Atlanta, GA, August 2010
(*Speaker*)

Veterinary Stability Operations: Global Veterinary Medicine Course, Athens, GA, June 2010, sponsored by the U.S. Army

Great Lakes Border Health Initiative Conference, Ann Arbor, MI, May 2010
(*Speaker*)

ICS-300, Anchorage, AK, October 2009, course sponsored by the office of the Alaska state veterinarian

American Veterinary Medical Association Conference, Seattle, WA, July 2009
(*Moderator*)

Fundamentals of Leadership Course, 2009 USPHS Scientific and Training Symposium, Atlanta, GA, May 30, 2009

AWR 144 Port and Vessel Security for Public Safety and Maritime Personnel, Philadelphia, PA, May 19, 2009

Supervisor Development Challenge Pre-course, HHS Learning Portal, December 23, 2008

Module 185-NDMS Team Ops in Hostile Environments, HHS Learning Portal, November 5, 2008

U.S. Southern Command's "Human Rights Test" and Department of Defense's "Combating Trafficking in Persons Awareness"

2008 Humanitarian Assistance Training Mission – Mandatory Pre-Deployment Training

International Conference on Emerging Infectious Diseases (ICEID), Atlanta, Georgia, March 16-19, 2008

“Non-Pharmaceutical Intervention” Research Group session, CDC/DGMQ, Atlanta, GA, March 20, 2008 – discussed ongoing prevention research on influenza and pandemic flu.

Shipping of Infectious Substances & Dry Ice 6.2 CBT Training, 2007, CDC on-line course, January 29, 2008 (Expiration January 29, 2010)

CDC/DGMQ/Quarantine & Border Health Services Conference, Atlanta, GA, July 2007

American Veterinary Medical Association Conference, Washington, DC, July 2007 (*Acted as Moderator*)

Completed June 2007 all the on-line trainings required for Field Medical Readiness Badge at that time

International Society for Disease Surveillance Syndromic Surveillance Workshop & Conference, Baltimore, MD, October 18-20, 2006

Department of Homeland Security BioWatch Workshop, Las Vegas, NV, August 1-4, 2006

National Incident Management Systems (NIMS) trainings, IS-100, IS-200, IS-700, and IS-800, May/June 2006

55th Annual EIS Conference, Atlanta, GA, April 24-28, 2006

2006 West Nile Virus Conference, San Francisco, CA, February 23-24, 2006

“Prevention Effectiveness” training, CDC, Atlanta, GA, March 7-8, 2006

“Preparing for Work Overseas” training, CDC, Atlanta, GA, August 24-26, 2005

SAS training, CDC, Atlanta, GA, July 25-27, 2005

American Veterinary Medical Association Conference/World Veterinary Conference, Minneapolis, MN, July 16-19, 2005 (*Acted as Moderator*)

Council of State and Territorial Epidemiologists Conference, Albuquerque, NM, June 5-9, 2005

54th Annual EIS Conference, Atlanta, GA, April 11-15, 2005

CDC Counter Intelligence and Foreign Travel Safety Briefing, ENVISION at Morgantown, WV, November 30, 2004

Infectious Disease Epidemiology unit/WVDHHR Outbreak Training Course, Charleston, WV, November 18, 2004

CDC Ethics Training internet modules, November 16, 2004
Internet Officer Training Course (IOTC), November 16, 2004

Basic Officer Training Course (BOTC), November 6-8, 2004
EIS Program Fall Course, Atlanta, GA, November 1-5, 2004

West Virginia's Annual Conference on Infectious Diseases, Charleston, WV, October 21-22, 2004

West Virginia Electronic Disease Surveillance System (WVEDSS) training course, Charleston, WV, October 13, 2004

Pandemic Flu Video Conference (Alabama Health Department), October 15, 2004

Commissioned Corps Readiness Force (CCRF) internet training modules completed for Basic Readiness, October 2-3, 2004

Association for Professionals in Infection Control and Epidemiology (APIC) Conference, Flatwoods, WV, September 24, 2004

West Virginia Public Health Association (WV PHA) Conference, Huntington, WV, October 22-23, 2004

HIPAA Awareness Training, Bureau for Public Health – Epidemiology & Health Promotion, Charleston, WV, August 9, 2004

EIS Program Summer Course, Atlanta, GA, July 1-28, 2004

53rd Annual EIS Conference, Atlanta, GA, April 19-23, 2004

PRESENTATIONS/POSTERS/ABSTRACTS (presentation unless noted)

“The Dog Next Door: Canine Imports into the United States,” Center for Public Health Readiness & Communication, Drexel University, Philadelphia, PA, March 2011, invited speaker.

“Animal Import Regulations,” Pennsylvania Agroterrorism meeting, Harrisburg, PA, December 2010, invited speaker.

“The Dog Next Door: Canine Imports into the United States,” American Veterinary Medical Association National Conference, Athens, GA, August, 2010.

“Animal Import Regulations,” National Veterinary Response Team/National Disaster Medical System, Orlando, FL, July 2010.

“Animal Importation Issues,” USDA/APHIS/Veterinary Services- Pennsylvania Partner Meeting, Harrisburg, PA, April 20, 2010

“Animal Import Regulations,” Great Lakes Border Health Initiative Conference, Ann Arbor, MI, May 2010.

“What is a Veterinarian Doing in that Job?”, 2009 USPHS Scientific and Training Symposium, Atlanta, Georgia, June 1-4, 2009

“CDC Quarantine Stations”, Kansas State University College of Veterinary Medicine, Manhattan, Kansas, October 23, 2008.

“Animal Import Issues”, Pennsylvania Quarterly Epidemiology Meeting, Harrisburg, PA, June 5, 2008.

“Animal Import Issues”, Central Veterinary Conference – East, Baltimore, MD, April 21, 2008.

J. Sinclair, M. Stock, J. Atwell, T. Drew, S. Blumensaadt, N. Marano, G. Galland; Assessing the Risk for Introduction of Rabies and Other Zoonoses Via Importation of Dogs to the United States (poster); International Conference on Emerging Infectious Diseases (ICEID), March 16-19, 2008.

Quarantine and Border Health Services/Division of Global Migration and Quarantine/CDC presentation to Customs and Border Protection’s Agricultural Officers-in-training (2-hour PowerPoint presentation of quarantine role and avian influenza), Frederick, MD, November 29, 2007.

“CDC Quarantine Stations”, Regional Interagency Steering Committee (RISC)/FEMA conference, November 14, 2007.

Philadelphia Live Bird Markets and Avian Influenza Preparedness; Public Health Preparedness Summit, Washington, DC, February 23, 2007.

Hantavirus Pulmonary Syndrome—West Virginia, July 2004; Virginia-Maryland Regional College of Veterinary Medicine, College Park, MD, November 8, 2006.

National and International Surveillance for Avian Influenza H5N1; Philadelphia Department of Public Health In-Service, Philadelphia, PA, October 30, 2006.

Public Health Veterinarians; Summer Research Program, College of Veterinary Medicine, Kansas State University, Manhattan, Kansas, May 15, 2006.

Hantavirus Pulmonary Syndrome—West Virginia, July 2004; Mid-Atlantic Mosquito Association Conference, Harrisburg, PA, February 22, 2006.

Robert M. Bossarte (first author and presenter), E. Sullivent, J. Sinclair, D. Bixler, T. Simon, A. Crosby; A Walk in the Woods: Injury and Violence Surveillance at the Annual Gathering of the Rainbow Family of Living Light, 2005; 55th EIS Conference, CDC, Atlanta, GA, April 24-28, 2006.

Hantavirus Pulmonary Syndrome—West Virginia, July 2004; West Virginia, Public Health Association Conference, Oglebay Resort, WV, September 22, 2005.

Hantavirus Pulmonary Syndrome—West Virginia, July 2004; 54th EIS Conference, CDC, Atlanta, GA, April 11-15, 2005.

Hantavirus Pulmonary Syndrome—West Virginia, July 2004; Tuesday Morning Seminar, CDC, Atlanta, GA, November 23, 2004.

Outbreak Investigation: Hantavirus Pulmonary Syndrome—West Virginia, July 2004; West Virginia Department of Health and Human Resources Infectious Disease Epidemiology unit's Outbreak Course for county health departments, Charleston, WV, November 18, 2004.

West Virginia Hepatitis C Registry; 29th Convocation of Southern State Epidemiologists, Little Rock, AR, December 7, 2004.

West Virginia Hepatitis C Registry; EIS Program/CDC Fall Course, Atlanta, GA, November 2, 2004.

West Virginia Hepatitis C Registry, West Virginia Department of Health and Human Resources “Lunch and Learn”, Charleston, WV, October 27, 2004.
