

## Who We Are

Josh and Friends® is an organization that strives to help children that face a hospital visit or surgery. They do this by providing each child with a stuffed golden retriever, Josh, and the book *I'll Be O.K.* The organization was created by Dr. Randy Lange, DVM, for his daughter to explain surgery and offer comfort. He wanted to help children understand what they were experiencing.

The Alliance for Rabies Control is a non-profit organization of leading rabies researchers and public health professionals. Their goals include increasing rabies awareness both in our community and globally, and raising money to save human and animal lives.

The race is organized by members of a committee in Minnesota's Student Chapter of the American Veterinary Medical Association (SCAVMA).

SCAVMA is working to raise money that will benefit Josh and Friends®, the Children's Miracle Network® and the Alliance for Rabies Control®.

## Benefits to You

By participating in our event, you will be helping people and animals by supplying children with a friend in supporting the Children's Miracle Network and by helping to fund research for rabies control.

Each registered person will receive:

- free T-shirt
- Hoof 'N Woof dog tag
- 5 raffle tickets

Join us for the walk/run and stay afterwards for a BBQ with activities for you and your pet as well as raffle prizes!

\*All pets must be leashed (no longer than 6 ft) and have all of their current vaccinations. Please think of others and bring friendly dogs.
